Payments via PayPal

If any payments are made to the club for entry fees etc by PayPal, please ensure you are using the Goods and Services option and not the Friends and Family option - unless it is to pay back a member of the committee who has paid for their entries out of their own pocket and is being reimbursed. It would also be helpful if members filled in the Notes box to state what the payment is for. Thank you :-)

A reminder - Annual Membership Subscriptions - new format

A new format for renewing membership/joining has been set up by BRC and you should have received details of this from "Sport 80". Membership now runs for a year from the date you join. There are links below to help.

[How to update your personal details](#)

[Registering as a new member](#)

[Registering an existing BRC member](#)

[Adding another member to your account](#)

BRC have raised their affiliation fee per member by £4 to £24 per person this year. However as a club, we have made the decision **not to pass that increase onto our members, and we are therefore pleased to say that membership will remain the same for 2024 at £30**. As well as covering this BRC fee, our membership rate needs to give a few pounds towards club funds to enable us to subsidise training and pay the pre-entry fees for BRC competitions. Pre-entry fees are payable to BRC head office for any Area and Championship competitions we enter. ERC covers the cost of these to keep the entry fees as low as possible for members who represent the club at Area and Championship level.
